PHYSICAL ACTIVITY GAMES FOR INDOORS!

1

Cotton Ball Races!

Sit across the table from one another and create an outline with both sets of arms. Place a cotton ball in the middle of the "field" and on your signal, alternate taking turns blowing the cotton ball to each others chests. This is a great game to use when you want to teach about observing results of a game rather than winning and losing.

- Cotton Ball
- Table

2

Walk and Stop!

Start saying "You walk and you walk and you walk and..... STOP!" Work on everyone coming to a immediate stop. Try changing up the motions to skipping, jumping, swaying, marching, etc. to get more movement. Change up the timing on your stops as well. This keeps everyone on their toes.

- Room large enough to move freely

3

Blanket Ball!

Have your child stand opposite of you holding the end of the blanket. Place a ball or balloon in the center of the blanket and on your signal, use the blanket to toss the object in the air and catch it with the blanket. To make it more challenging, agree upon signals such as blinking my eyes means "go" or a signal word such as "book". This challenge helps children work on focusing and listening.

- Blanket
- Ballon or a soft ball

LOCATE: CHILD CARE

LOCATE: Child Care

Every day, parents contact LOCATE: Child Care. Parents need comprehensive information to help them make informed decisions for their child. The more complete and current your information is, the better we can help parents find and choose your program. Please review and update your provider record today. You can update your record now at <https://locate.marylandfamilynetwork.org/Provider/login>. Once you enter your information, it will be reviewed and activated in our database within just two business days. Everyone who updates their record will receive an entry in our monthly drawing for a \$25 Amazon gift card. If you need a paper copy of our questionnaire, please call the provider line at 866.752.1614. Update your record now at <https://locate.marylandfamilynetwork.org/Provider/login>

LOCATE Complaint Policy

Through the LOCATE service, parents share feedback with the LOCATE staff on the programs in the files: licensed child care centers, registered family child care providers and accredited preschools and camps. While this feedback is at times positive, it sometimes concerns complaints parents have about child caregivers. Of course, LOCATE and the Maryland Child Care Resource Network want to use this information in a way that is fair to providers and parents, while protecting children, as well.

Therefore, the LOCATE Complaint Policy was developed and has been in effect since its approval by the Maryland Committee for Children Board in November, 1983. According to this policy, all complaints made to LOCATE about child care providers/facilities are recorded. The type of complaint is then determined:

Less Serious Complaint - No Violation: complaints which do not involve violations of child care regulations; complaints about situations which do not pose a threat to the safety, health or welfare of a child.

Less Serious Complaint Involving Violation: complaints of any violation of Office of Child Care (OCC), Maryland State Department of Education (MSDE) regulations, and/or the Health Department which do not pose a threat to the health, safety or welfare of a child.

Serious Complaint: any threat to the immediate health, safety, or welfare of a child.

When a parent calls LOCATE with a complaint, the referral specialist advises him/her to register the complaint directly with the appropriate regulatory agency and/or Protective Services. Names and telephone numbers of the person with whom the parent should speak are provided.

When a Serious Complaint is received concerning one of the providers of facilities in the LOCATE system, no referrals are made by the referral specialists to that provider/facility. The LOCATE Director also communicates with the appropriate regulatory agency personnel about the complaint, and maintains the "hold" on the provider/facility until the agency's disposition of the complaint is known. Should the investigation result in no action, the "hold" status is removed from that provider's/facility's records. Should the license or registration be revoked, the record is removed from the LOCATE files. Providers are advised of LOCATE's actions in writing.

A provider may appeal the LOCATE Director's decision to cease referrals. Appeals are first addressed to the LOCATE Advisory Committee. Final appeals may be made to the board of the Maryland Family Network.

It is the position of LOCATE and MFN that the Complaint Policy is both fair and workable. Safeguards and due process are afforded to the care givers in the files, and parents' and children's rights to safety are addressed, as well. Any questions on this policy should be addressed to FloJean Speck, LOCATE: Child Care Director.
