Planning the Day for Infants and Toddlers

“Love and trust, in the space between what’s said
and what’s heard in our life, can make all the
difference in the world.”

— Fred Rogers (Mr. Rogers)

Infants and toddlers learn about their world and the
people around them through daily routines.

Nurturing and responsive care for the child’s body
and mind is the key to supporting healthy brain
development. Positive or negative experiences shape
a child’s development and may have lifelong effects.

Routines are the consistent, daily experiences such
as, diapering, feeding, greetings, and sleeping.
Predictable schedules help provide a framework and
direction for caregivers. In turn, infants and toddlers
feel secure when schedules and routines are
dependable; this tells them that they can trust
caregivers to provide for their needs. Join us as we
will discuss how to implement these routines and
experiences appropriately

Activity: Creating Transition Songs for Infants and Toddlers

Transitions are movements from one activity to another. These movements occur often throughout the day for infants and toddlers, caregivers should be mindful of the children and environment during these times. To provide smooth transitions try creating songs based on popular nurse's rhymes. Take a look below!

Hand Washing Song

To the tune of Row, Row, Row Your Boat

Wash, wash, wash your hands,

Soap will make them clean

Scrub the germs til they fall off

Germs go down the drain

How Hard did it Rain?: An April Showers Investigation

Put your detective hats on! Lets find out how hard it has rained!

What you'll need:

A rainy day

Construction paper

Writing utensil

Rain coat/ other rain gear (optional)

How to: (Can be done with each individual child, or with the whole class together)

Set a timer for 2 minutes and have the children run and set their piece of paper outside in the rain. After all the papers are down on the ground, start the timer! When the timer is up, bring the papers back inside. When you bring the paper back inside, circle all of the rain drops. When the paper is dry you can count the circled rain drops! Discuss with your student(s) if they think this is a little bit of rain or a lot of rain and why!

MARYLAND CHILD CARE RESOURCE NETWORK COMPLAINT POLICY

Every member agency of the Maryland Child Care Resource Network strives to provide high quality service to the child care programs and families in their jurisdiction and throughout Maryland. It is our mission to ensure that every interaction with staff at the Child Care Resource Centers is positive and professional.

If you have concerns about an incident or some aspect of service at a Child Care Resource Center, please contact the director/manager directly. Contact information for these individuals can be found here (<https://marylandfamilynetwork.org/for-providers/findyour-child-care-resource-center>). If you are not satisfied with the way your concern is handled by the director/manager at the Child Care Resource Center, please contact Maryland Family Network at 410-659-7701 or at MCCRNinfo@marylandfamilynetwork.org. As the Statewide Coordinating Entity of the Maryland Child Care Resource Network, MFN will investigate the complaint or concern regarding services and take appropriate action.

REGISTRATION POLICY

Here at PRC, we have a passion for education and are excited to have you join us in the pursuit of knowledge!

We are now offering webinars to our clients. Webinars will be announced on our training calendar and posted on our website.

Currently, we are not accepting cash, checks, or money orders. You may call with a credit card to pay over the phone. Payment for a class will also be accepted online at thepromisecenter.org/register. Please note that classes must be paid for in advance, so please pay promptly to secure your spot.

Confirmations will not be mailed. Please call 301-290-0040 to verify your enrollment in a class.

You must be present and participate in the entire class to receive a certificate for the clock hours listed. Classes begin at the stated time and no admittance is permitted 15 minutes after the class has started. Late arrivals will not receive certificates, refunds, or transfers for the class.

For our webinars, class participation is required. You must have video and microphone capabilities. Participation in chats, class discussion and polls are required to receive your certificate. We ask that you eliminate as many distractions as possible when attending the class. Certificates will be mailed upon completion of the assessment.

If you have lost or misplaced a certificate, there is a \$5.00 replacement fee.

Please call 301-290-0040 in advance of class if you need assistance or require special accommodations.

All classes are open to the public.

The Promise Resource Center provides low-cost workshops for child care providers, parents and the community. Our workshops meet MSDE/Office of Child Care requirements for Core of Knowledge training.

CANCELLATION POLICY

We do not issue refunds if a student cancels their enrollment in a class. If you need to cancel, you must call the Promise Resource Center **24-hours in advance** and we will gladly give you a credit for another class. ***Cancellations must be made 48 hours in advance for CPR and First Aid and Medication Administration** or your payment will be forfeited and no credits will be issued. Our cancellation policy includes webinar registration.

Credit for cancelled classes must be used to attend another class within 60 days of the cancellation or it is forfeited.

The Promise Resource Center reserves the right to cancel a class if, the day prior to the class, we don't have the necessary number of paid participants.

You will receive a call notifying you of the cancellation and your money will be refunded or a credit will be issued. Credit must be used to attend another class within 60 days of the cancellation or it is forfeited.

LOCATE: CHILD CARE

LOCATE: Child Care

Every day, parents contact LOCATE: Child Care. Parents need comprehensive information to help them make informed decisions for their child. The more complete and current your information is, the better we can help parents find and choose your program. Please review and update your provider record today. You can update your record now at <https://locate.marylandfamilynetwork.org/Provider/login>. Once you enter your information, it will be reviewed and activated in our database within just two business days.

LOCATE Complaint Policy

Through the LOCATE service, parents share feedback with the LOCATE staff on the programs in the files: licensed child care centers, registered family child care providers and accredited preschools and camps. While this feedback is at times positive, it sometimes concerns complaints parents have about child caregivers. Of course, LOCATE and the Maryland Child Care Resource Network want to use this information in a way that is fair to providers and parents, while protecting children, as well.

Therefore, the LOCATE Complaint Policy was developed and has been in effect since its approval by the Maryland Committee for Children Board in November, 1983. According to this policy, all complaints made to LOCATE about child care providers/facilities are recorded. The type of complaint is then determined:

Less Serious Complaint - No Violation: complaints which do not involve violations of child care regulations; complaints about situations which do not pose a threat to the safety, health or welfare of a child.

Less Serious Complaint Involving Violation: complaints of any violation of Office of Child Care (OCC), Maryland State Department of Education (MSDE) regulations, and/or the Health Department which do not pose a threat to the health, safety or welfare of a child.

Serious Complaint: any threat to the immediate health, safety, or welfare of a child.

When a parent calls LOCATE with a complaint, the referral specialist advises him/her to register the complaint directly with the appropriate regulatory agency and/or Protective Services. Names and telephone numbers of the person with whom the parent should speak are provided.

When a Serious Complaint is received concerning one of the providers of facilities in the LOCATE system, no referrals are made by the referral specialists to that provider/facility. The LOCATE Director also communicates with the appropriate regulatory agency personnel about the complaint, and maintains the "hold" on the provider/facility until the agency's disposition of the complaint is known. Should the investigation result in no action, the "hold" status is removed from that provider's/facility's records. Should the license or registration be revoked, the record is removed from the LOCATE files. Providers are advised of LOCATE's actions in writing.

A provider may appeal the LOCATE Director's decision to cease referrals. Appeals are first addressed to the LOCATE Advisory Committee. Final appeals may be made to the board of the Maryland Family Network.

It is the position of LOCATE and MFN that the Complaint Policy is both fair and workable. Safeguards and due process are afforded to the care givers in the files, and parents' and children's rights to safety are addressed, as well. Any questions on this policy should be addressed to FloJean Speck, LOCATE: Child Care Director.

Instructor: Joi Lowe

Webinar | 1-hr. Child Development, 1-hr. Community, and 1-hr. Professionalism
\$30/35

Infants and Toddlers Developing a Sense of Self: As infant and toddler caregivers, our values and practices shape our responses to the children we care for and children quickly become sophisticated in interpreting our behaviors and responses. Infants take these adult responses to heart and incorporate them into their sense of self. It is our responsibility to respond in ways that keep infants rooted in their culture and firmly attached to their family. This interactive training will explore how children develop a sense of self through interaction with and how caregivers can support these interactions with specific "Caregiving Gifts" that help support a healthy social identity and sense of belonging.

Tummy time is easy to implement in any child care setting and is critically important to supporting healthy infant development and preventing a number of infant disorders. Knowing about the importance of tummy time and how it can be implemented throughout the day, teachers can incorporate prone positioning in their classrooms and conversations with parents which in turn will help with the growth and development of infants.
