HALLOWEEN SAFETY TIPS FROM THE NSC

Keep these tips in mind when your children are out on Halloween night:

- A responsible adult should accompany young children on the neighborhood rounds
- If your older children are going alone, plan and review a route acceptable to you
- Agree on a specific time children should return home
- Teach your children never to enter a stranger's home or car
- Instruct children to travel only in familiar, well-lit areas and stick with their friends
- Tell your children not to eat any treats until they return home, and take care to avoid any food allergies
- Children and adults are reminded to put electronic devices down, keep heads up and walk, don't run, across the street

HALLOWEEN SLIME!

- 2 glue bottles
- warm water from bottles
- food coloring
- I teaspoon Borax
- 1/4 cup warm water
- I tablespoon pumpkin spice

Pour glue into a large bowl. Fill the empty glue bottles with warm water and replace cap. Shake the bottles to help remove any excessive glue and pour into bowl.

Stir in food coloring into glue and water mixture. I used yellow and red food coloring drops until I achieved the desired shade of orange.

In a small cup stir borax and I/Y warm water until Borax dissolves.
Combine Borax water with glue mixture.
The mixture will begin to thicken immediately but will take a few minutes to fully set. Continue to work the slime, with your hands if needed, until the water is completely incorporated.
Once slime is firm sprinkle pumpkin spice and roll the slime to distribute the spice. Store in airtight container.

APPLE ORCHARD SENSORY BIN

You'll need:

- black beans
- mini red and green apples
- small metal tins
- · 2 cardboard rolls
- green foam sheets
- circle velcro coins
- red, green and yellow glitter poms
- scoop and mini tongs

With this activity your child can practice counting the apples, sorting the apples by size and by color, and practice fine motor skills with the scoops and tongs!

LOCATE Complaint Policy

Through the LOCATE service, parents share feedback with the LOCATE staff on the programs in the files: licensed child care centers, registered family child care providers and accredited preschools and camps. While this feedback is at times positive, it sometimes concerns complaints parents have about child caregivers. Of course, LOCATE and the Maryland Child Care Resource Network want to use this information in a way that is fair to providers and parents, while protecting children, as well.

Therefore, the LOCATE Complaint Policy was developed and has been in effect since its approval by the Maryland Committee for

Therefore, the LOCATE Complaint Policy was developed and has been in effect since its approval by the Maryland Committee for Children Board in November, 1983. According to this policy, all complaints made to LOCATE about child care providers/facilities are recorded. The type of complaint is then determined:

Less Serious Complaint - No Violation: complaints which do not involve violations of child care regulations; complaints about situations which do not pose a threat to the safety, health or welfare of a child.

Less Serious Complaint Involving Violation: complaints of any violation of Office of Child Care (OCC), Maryland State Department of Education (MSDE) regulations, and/or the Health Department which do not pose a threat to the health, safety or welfare of a child.

Serious Complaint: any threat to the immediate health, safety, or welfare of a child.

When a parent calls LOCATE with a complaint, the referral specialist advises him/her to register the complaint directly with the appropriate regulatory agency and/or Protective Services. Names and telephone numbers of the person with whom the parent should speak are provided.

When a Serious Complaint is received concerning one of the providers of facilities in the LOCATE system, no referrals are made by the referral specialists to that provider/facility. The LOCATE Director also communicates with the appropriate regulatory agency personnel about the complaint, and maintains the "hold" on the provider/facility until the agency's disposition of the complaint is known. Should the investigation result in no action, the "hold" status is removed from that provider's/facility's records. Should the license or registration be revoked, the record is removed from the LOCATE files. Providers are advised of LOCATE's actions in writing.

A provider may appeal the LOCATE Director's decision to cease referrals. Appeals are first addressed to the LOCATE Advisory Committee. Final appeals may be made to the board of the Maryland Family Network.

It is the position of LOCATE and MFN that the Complaint Policy is both fair and workable. Safeguards and due process are afforded to the care givers in the files, and parents' and children's rights to safety are addressed, as well. Any questions on this policy should be addressed to FloJean Speck, LOCATE: Child Care Director.
